“Maal-e-muft dil-e-bayrehm”

We realize that money obtained without effort is easily squandered. Hence, to ensure the sustainability of our plants:

- The community donates the land for the plant
- A care-taker committee of locals is formed
- Community pledges to fund the plant's monthly maintenance charges.

---

# ALL OUR NEW PLANTS ARE SOLAR-POWERED!

## The Chaudhry Family's story

Two cousins, Saad\* and Shehryar\*, wanted to commission a water filtration plant as sadaqa-e-jaariya for their family.

They decided to fund a water filtration plant for a deprived village.

Zaman Foundation identified the community, mobilized the people and has commenced the installation of the plant in Village 144 Murad in Hasilpur.

500+ families will enjoy the benefits of clean drinking water every day!

\*Names of the donors have been changed in line with their wish to remain anonymous.

**“waisay tau shehr mein baray langar hain magar jo safaice yahaan hai aur jitni izzat yahaan milti hai waisi kaheen aur nahin milti”**

## **What's Unique About Our Partner Dastarkhwans**

Rather than setting up a new soup kitchen, we partner with existing dhabas. This means we don't have any overhead costs so 100% of your donation goes into feeding the hungry.

Our monitoring officers ensure meals are served fresh, people are treated with dignity, and that the area is always clean.

This model not only helps feed the hungry, but boosts the local economy too! How's that for a win-win solution?

ZF funded Aamna's 4 year Bachelor's degree at University of Management and Technology (UMT). She was the first person in her family to pursue higher education and her ailing parents' only hope for a brighter future. During her last semester, to everyone's shock, Aamna passed away. The roof of her house collapsed while she laid sleeping under it. Zaman Foundation has been supporting Aamna's grieving parents with a monthly ration since June 2021.

## Aamna's tragic story

# Our Ration Program

**PKR 3,500 will feed a family of  
2 - 4 people for 1 month**

**PKR 6,000 will feed a family of

**PKR 60,000 will feed a family of

Instead of distributing generic ration packs, we electronically transfer ration money to families so that they:

- Feel empowered
- Get what they actually need
- Save up on transport costs
- Avoid exposure to Covid-19
- Support their muhalla's economy

## Roshan's Story

Roshan wanted to make her parents proud by becoming the first doctor in the family. Sadly, her beloved father passed away shortly after she started her MBBS. Even though her father died, Roshan persevered. Medical degrees are expensive and in her final semester, within touching distance of the finish line, Roshan found herself PKR 200,000 short. If this wasn't distressing enough, she was also charged a PKR 85,000 penalty for missing the due date for fee deposit.

Zaman Foundation not only cleared Roshan's remaining dues, but also enlisted the help of our panel of doctors to have the late penalty waived!

A special shoutout to  
Dr. Salman Munir for his support.

ZF's scholar, Tehreem Riffat,  
got a Fulbright PhD Scholarship at  
Claremont University, CA, USA.

When Talia's father found out her mother was pregnant with Talia, he abandoned them. A single parent to a lone child, Talia's mother started working 2 jobs to earn and provide for the two. Alone and lonely at home after school hours, Talia made some friends online who introduced her to drugs. Before Talia's mother knew it, Talia was already addicted to hash, cocaine and alcohol.
